k.f.ham@hotmail.com

**Hamrick Historical Marker Restoration** uses a process which produces a finish that is very similar to an automotive finish. The "like new" Marker is highly durable and has a very long life. The process includes:

**Sandblasting    Priming    Painting    UV Protective Clear Coating**

### Costs:

\$1,000 plus materials, for a standard 2-sided, 2 color Marker.  
Additional colors incur a fee.  
Additional transportation costs are negotiable.

- Installation/Removal of Historical Marker and Post Repair/Painting incur an additional fee.
- Welding Repair Service is available for damaged Markers and incurs an additional fee.
- Historical Markers are welcome from all states. Pick up/delivery incur an additional mileage fee.
- A final price can be made upon further observation of current photos and discussion of the Marker needs and location.
